PRODUCT DESCRIPTION

EarthTronics LED Stairwell fixture provides the flexibility to ensure the correct light level and color temperature desired in different applications. Select from 3500K, 4000K or 5000K color temperatures as well as 4200, 5400, or 6600 lumen levels. This 48" fixture features a high 80+ CRI providing an excellent light source for any design environment. This steel fixture has a modern design with a white finish and durable polycarbonate lens. These stairwell fixtures feature 120-347V wattage operation. They are equipped standard with a 0 - 10 volt continuous dimming driver with a dimming range capability of 10% to 100%. With the optional sensor the detection range, time delays, and dimming level settings can be easily adjusted to meet local code requirements and building management preferences. This sensor easily provides bi-level lighting to balance energy savings with a feeling of security operating at a standby low level light, and upon detection of motion restore lighting to full brightness. Fixture warranty life is 5 years/50,000 hours. DLC Listed.
