PRODUCT DESCRIPTION

The EarthTronics LED Floodlight delivers an economical, efficient, and flexible lighting solution with a long operational life. Designed with a low-profile, modern aesthetic, it seamlessly integrates into various architectural environments. This model offers a 4-watt selectable design (27W, 40W, 55W, 65W), allowing for maximum versatility while achieving an efficiency of up to 161 lm/W.

Key features include power and CCT adjustability, enhancing energy savings and simplifying inventory management. Built with a durable IP65-rated housing, it is ideal for general floodlighting applications, including courtyards, driveways, buildings, and billboards.
