Product Description

The 7" LED Panel light is constructed using attractive impact resistant acrylic lens that helps achieve a wide light distribution pattern. These Panel lights are ideal for use in residential, offices, schools, healthcare, and many other commercial applications. Designed for easy installation in retrofit or new construction projects.

This 14 watt panel light produces 900 lumens of 3000K high >90 CRI light quality. Operates on 120VAC 60Hz and is compatible with standard incandescent dimmer controls providing a 100% to 5% dimming range. Easily installs on 4" j-boxes. Also can be used as a retrofit for 6" downlight recessed fixtures with an available accessory kit. Not for use in outdoor locations.

Product Features

- Easily installs on 4" j-box
