Specifications

ELECTRICAL

Watts: 100
Voltage: 100-277VAC
Power Factor: >0.9
Operating Temp. Range:
-40°F to 131°F

LIGHT

Initial Lumens: 12600
Lumens per Watt: 126
Color Temperature:
4000K, 4500K, 5000K
CRI: >80

AGENCY APPROVALS

UL/cUL: Yes
RoHS: Yes

PRODUCT DETAILS

Lens: Glass
Warranty: 5 years
Fixture Rated Life:
50,000 hours
Weight: 11.41 lbs
Dimensions:
15.36" L x 11.42" W x 12.2" D

LED Wall Pack - Color Selectable

12600 Lumens, 100 Watt, CCT Selectable, 100-277V

ORDER CODE:
11344

MODEL NUMBER:
WPT100CCTBK1

PRODUCT DESCRIPTION

EarthTronics Traditional LED Wall Packs features three color selectable operations. Switch between 4000K, 4500K and 5000K easily at the time installation. The LED Traditional Style Wall Pack uses Seoul LED chips and drivers to deliver a quality, energy saving lighting solution. The color selectable temperatures offer building managers the opportunity to match existing HID lamps to reduce the blue light spectrum often associated with higher color temperatures. Each of the EarthTronics Wall Packs accepts 100-277 volt AC power supply. The wall packs provide more than 126 lumens per watt and a high 80+ CRI for improved visual acuity and efficient performance. The design is built to withstand all climates and allows for an extreme temperature range, even operating down to -40 degrees F°, and is IP65 approved for outdoor wet applications. With rated life of 50,000 hours, the WP5 wall pack series is designed for easy installation, directly fitting onto existing electrical boxes, making it the contractor's choice when replacing older high-pressure sodium and metal halide wall packs. Built in photocell.

PRODUCT FEATURES

- + 3 color of light selection assures you of the proper light color every installation
- + Select from 4000K, 4500K and 5000K
- + Easily replace existing wall packs for wide area illumination
- + IP65 rated for outdoor use
- + 50,000 hour rated life
- + Tempered and impact resistant clear prismatic borosilicate glass lens
- + Die cast aluminum housing provides long life in commercial installations
- + 120° light pattern provides for wide flood distribution
- + Night Sky Compliant
- + DLC® Technical Requirement 5.0

APPLICATIONS

- + Commercial Building
- + Industrial
- + Municipal Facilities

Please consult installation instructions for proper application and use of this fixture.
