PRODUCT DESCRIPTION

The EarthTronics LED Floodlight provides security and general area illumination directed where required. It has textured architectural bronze powder coat finish with high impact acrylic lens. Switch between 3000K, 4000K and 5000K easily at the time installation. This 70 watt floodlight has the capability to adjust the wattage from 70 watt down to 49 watts, which gives you flexibility to insure the correct light level and color temperature. It operates at 135 lumens per watt efficiency. Also, adjust the lumen levels by using the percentages noted on the dip switch. This fixture also has a pre-installed photocell. Accepts 120 – 347 volt AC power supply. The long 50,000 hour is backed up with a 5 year warranty. DLC® Premium listed product.
